

PINNACLE EVOGI PARTNERSHIP PRESS RELEASE

Pinnacle Actuarial Resources, Inc. and The Evogi Group Partner to Provide Innovative Solutions for Property & Casualty Insurers

Partnership Will Leverage Telematics and Advanced Actuarial Capabilities to Provide Insurance Telematics Solutions to Insurance Companies

CHICAGO, IL and BLOOMINGTON, IL, September 08, 2011 — [Pinnacle Actuarial Resources, Inc.](#), a recognized leader in automobile, homeowners, and commercial pricing, underwriting, marketing, and predictive analytics techniques and [The Evogi Group](#), a premier provider of advanced vehicle insurance telematics capabilities and associated information-based services for the property and casualty auto insurance market today announced plans for a strategic partnership. This collaboration will use their complementary strengths and expertise to leverage applied telematics information and associated metrics along with actuarial model development and actuarial services to provide insurance telematics solutions to insurance companies.

Pinnacle and Evogi are jointly delivering market-leading solutions designed to provide insurance companies unrivalled levels of service and competitive advantage. Pinnacle and Evogi have complementary core competencies that deliver innovative solutions to their combined clients. Additionally, Pinnacle and Evogi are working together to integrate key product and services offerings to create innovative new solutions while extending established products and services to new markets.

“I am excited about this partnership with The Evogi Group,” said [Roosevelt C. Mosley, Jr.](#), Pinnacle Principal. “The Pinnacle and Evogi partnership represents a combination of capabilities like no other in the industry and will accelerate the growth and the adoption of usage and behavior based insurance products. This will enable our clients to bring those products to market quickly and cost effectively with proven services and solutions. The partnership announced today provides a true end-to-end solution for insurance telematics solution development with deep expertise in insurance telematics and a proven ability to execute.”

“Evogi is currently experiencing tremendous growth and this partnership with Pinnacle provides us with greater depth, experience and an opportunity to leverage our complete knowledge set of insurance telematics solution development to better serve our customers as the auto insurance market embraces and expands usage and behavior based insurance product offerings” said [Jeff Stempora, CEO The Evogi Group](#) at the Insurance Telematics USA Conference. “Pinnacle and Evogi are combining our strengths to deliver on our proprietary actuarial model and insurance telematics solutions development with unrivalled depth, experience and completeness of insurance capability providing our clients with unique competitive advantages that grow profitable market share and lower operating costs.”
