

TRENTON J. LIPKA, FCAS, MAAA

Consulting Actuary | Bloomington, Illinois

Trenton serves as account executive and project manager for multiple insurance programs, including group and single-parent captive insurance companies as well as traditional insurance companies.

He performs both interim and year-end reserve analyses and develops loss cost projections. Additionally, he has experience in assignments involving simulation methods and captive feasibility and renewal funding studies, and has technical and analytics experience, which improves and provides insight into key business processes.

Trenton assists with the development of several models used for loss fund projections and unpaid claims estimates. He also assists with preparation of statements of actuarial opinion (SAOs). He has worked with companies writing multiple lines of business, including workers' compensation, general liability, auto liability, auto physical damage, senior care liability, medical stop loss and inland marine.

Trenton also brings experience with large data processing to maintain data warehouses and helps develop benchmarks to be applied to reserve analyses and funding studies.

★ Qualified to sign statements of actuarial opinion per the American Academy of Actuaries (AAA)
