BEN STIEGLITZ

Senior Technical Analyst | Chicago, Illinois

Ben has served as lead analyst or technical reviewer for many of Pinnacle's reserving and funding projects for traditional and group captive insurance companies, self-insured entities and public entities.

Ben also has experience in assignments involving loss cost projections, captive feasibility studies and financial analysis of insurance companies. He provides support for pricing and loss reserve analyses for clients who write workers' compensation, auto liability, general liability and auto physical damage coverages.

He is a primary contributor to projects involving liability assessment for various funds. Ben works closely with state and municipal programs, which include underground storage tank (UST) and mine reclamation studies, among other related projects, by assisting with financial reporting of unpaid claim liabilities and funding.

Ben also assists with preparation of statements of actuarial opinion and actuarial opinion summaries.
